

	<p>My name is <b>Angela Tillis</b>, I obtained my bachelor degree in 2020 from Athens State in Liberal Studies. I plan to graduate this December with a master's degree in education from Athens as well. Upon receiving my graduate degree, I hope to become an advisor. My hobbies include spending time with my <b>family, traveling, crafting, photography and watching movies.</b></p>

## Digital Citizenship

1. What is digital citizenship? Using technology in a responsible manner.
2. In your own words, provide an overview of the 9 elements of digital citizenship
  1. Digital access - Using technology such as the computer and internet.
  2. Digital commerce - The activity of buying and selling products and services online.
  3. Digital communication - Using digital devices to communicate to others.
  4. Digital literacy - The ability to understand and the use of technology.

5. Digital etiquette - Understanding and abiding by the rules of ethics and integrity while online.
  6. Digital law - The rights and restrictions involved with the usage of technology.
  7. Digital rights & responsibilities - The freedom to use digital technology in an appropriate manner.
  8. Digital health & wellness - The healthy relationship with technology.
  9. Digital security - Protecting the identity of a person during online use.
3. Provide examples of how you can practice and/or teach three *different* digital citizenship elements in your current or future work setting, through (1) focusing on your individual use of technology and/or (2) teaching/training others to be responsible with technology use.
1. During orientation of new participants in Student Support Services
  2. During Lunch and Learn workshops with the participants of Student Support Services
  3. During professional development trainings among the faculty and staff of the college
